Freedom Memorial Park is currently under development and features three monumentally-sized crosses, the image of supreme sacrifice and love, rising to 150 feet above the valley floor of the beautiful Shenandoah Valley. Two U.S. flags, the most cherished symbol of freedom and liberty for America, will fly majestically alongside at 120 feet in height. Upon completion, Freedom Memorial Park will include gardens, reflection pools, fountains, and landscaped walkways complete with thousands of engraved brick pavers donated in honor and in memory of friends and loved ones. Each of these elements will combine to create a setting that will foster renewed hope, healing and reconciliation to the human spirit.
